Building the Future...

Beginning 45 years ago the Bonney family (which now includes MacMillan & Rayburn) came into the OLL parish. Being active Church and School members - from Knights of Columbus to School Board to Eucharistic Ministers, Catechists, Parent Association, and even one generation starting the school auction to the next generation running the auction - this parish is part of our family fabric. We have celebrated baptisms, weddings, confirmations, graduations and funerals at Our Lady of the Lake. Both the 2nd and 3rd generations have attended the parish school. Throughout the

years the faith community and friendships we all have formed here have made our lives meaningful and have provided the support through all life's ups and downs. To us, the new building symbolizes the future. We have reaped the benefits of the dedication and sacrifices of those who came before us. It's our turn now to build for future generations. We are proud to be able to be a part of the Building in Faith capital campaign.

The woodchips were placed on the playground last week signifying the completion of Phase I, the parking lot expansion and sitework.

In Mass this weekend, Fr. McMahon will announce the unanimous support of the Parish Councils (Pastoral, Administrative and School) to begin Phase II, the Parish Center and Educational Facility. We have secured a building permit and are preparing to remove the parish office (old convent) to make room for the new building. We have the funds to build the shell of the new Parish Center and School. We do not have enough pledged funds to complete the interior and put a roof on the building. We will continue to fund-raise until we secure the funds to complete the project.

Please join your fellow parishioners and make a pledge, increase your pledge or make a gift to the campaign. Remember no gift is too small or too big. We have stretched pledges over 10 years and continue to receive gifts every week. When you combine your gift with 800 other parishioners every small, medium and big gift really adds up. Let us all ...RAISE the ROOF.
